West Los Angeles Flower Show Opens Doors to Large Throngs

By CNPA Service LOS ANGELES.—With the largest entry list of any floral show held in the state this year, the West Los Angeles Flower show opened its gates to the public on Wednesday, April 24, for a three-day run predicted to set the heaviest attendance mark of any preceding events of this kind held here.

Practically every community in Los Angeles county is represented on the long entry list of amateur and professional flower raisers and there are a large number listed from other cities in various parts of the state.

With the big tents on Sepulveda and Santa Monica boulevards completed, the interior already indicated the extravagance and beauty of the setting for the huge French formal garden where visitors will find the flower display. Over five hundred varieties of flowers will be contained in this garden, represented by thousands of blooms and many of them rarities which have never been exhibited before, according to C. G. Groeneweg, director of the show.

Important among the rare flowers will be a display of the plant and blossom of a European importation grown from seed which Groeneweg asserts has only been made to bloom once before in the United States.

Following an afternoon preview for community leaders, chamber of commerce and public officials, the tent will be thrown open to the public at 7 p. m. and an elaborate program of entertainment features will be presented on the opening night.

Students of U.C.L.A. and Occidental college will present an assortment of vocal and instrumental music numbers and co-eds of the universities will take part in the fashion review which will introduce Hollywood style creations in colors to match spring flowers exhibited in the show.

In addition to the historical, educational and commercial exhibits.

The showgrounds are located on the boundary line of Sawtelle and Westwood and may be easily reached either by automobile or on the Sawtelle car of the Pacific Electric.
